R-Controlled

Vowels

THE RULES OF
KNOCKOUT

1. Divide your class into 2 groups.
2. Each group forms 1 single file line in front of the board where the game will be displayed.
3. Display the intro slide. When players are ready, show the first game slide. The player who says his/her correct answer first wins and gets to rejoin their team at the end of his/her line. The player who does not say his/her correct answer first is out and must join the "cheering section."
Play continues as usual <u>unless...</u>

KNOCKOUT
EXPECT THE UNEXPECTED

One player is **out** and goes to his team bench to cheer on his team. The other player stays **in** and returns to the end of his line to keep playing.

One player is **out** and goes to her team bench to cheer on her team. The other player stays **in** and gets to choose 1 player from her bench to return to the game!

KNOCKOUT
EXPECT THE UNEXPECTED
 → Both players are **out** and must go to their team benches to cheer on their teammates.

 → Both players **stay in** without having to answer a question. They return to the end of their lines to keep playing.

KNOCKOUT

Do I need an interactive whiteboard to play Knockout?

No! The game is not interactive. All you need is a projector and a white surface onto which you can project the game.

Do you have an editable Knockout template?

I do not currently have an editable template; however, you are able to delete and rearrange the order of slides in any game.
