KNOCKOUT CLUB

How is this different from your regular Knockout games?

These never-before-released games are **seasonal in theme, aligned to grade level pacing guides for timely use, and will be accessible only to members.**

FYI

before you buy

To plan this club, I reviewed pacing guides and standards from multiple sources. From my research, I created this pacing guide. Classrooms across the world are unique, and it is simply impossible to accommodate the instructional schedules of every teacher; however, I have done my best to create a schedule that will fit your classroom in some way, shape or form.

Please note the pacing guides are a schedule of topics to cover each *quarter*; *4-5 skills are covered per month*. Specific themes will be posted in the product listing on Teachers Pay Teachers 1 month prior to the first game being uploaded. **For example**, on February 1st, the March Knockout Club listings will be edited to include the exact themes included in the March games for your grade level.

In the event that a certain month includes a religious holiday (Christmas, Easter, etc.) as a monthly theme, **I will include a holiday-themed game and a non-holiday themed game** to serve as an alternate option. Both games will cover the exact same skill, but the visual theme will be different.

If you have any questions regarding this product line, I welcome e-mails at erin@elementaryedu.com and will do my best to respond within 24 hours.

FYI

before you buy

As a club member, you will have **exclusive access** to these seasonal bundles for **the entire year**. Once a month ends, that club pack will become inactive in my store, but **you** will forever have access to it. In January 2020, all 2019 club games will be re-released as separate listings sold at **full price**.

MONTH-BY-MONTH MEMBERSHIP (SAVE 25%)

- 4 games for every month you buy
- 1 game added per week (every Friday morning, go to *My Purchases* on TPT and re-download the file)
- \$9.00 each month (a \$12.00 value)
- Buy each monthly membership **separately**

or...

YEAR MEMBERSHIP (SAVE 39%):

- 48+ games for the year (each month + 2 miscellaneous packs with year-round themes)
- 1 game added per week (every Friday morning, go to *My Purchases* on TPT and re-download the product)
- \$87 for entire year (a \$144 value)
- Buy the membership **once**
